Madison, WI (July 21, 2011) - UPDATE: [GreenPath Debt Solutions](#), a nationwide non-profit financial education organization, with offices in Milwaukee and Madison, is accepting applications from Wisconsin homeowners for the recently announced Emergency Homeowners' Loan Program (EHLF).

To date, 600 Wisconsin homeowners have applied for EHLF through GreenPath. From the total of 27 states, GreenPath has received 5,000 applications. Please help get this important information out to more homeowners!

“This program will provide \$1 billion to help an estimated 30,000 homeowners in 27 states and Puerto Rico avoid foreclosure,” said **Setina Briggs-Kelly**, GreenPath housing manager. “The program will assist homeowners who have experienced a reduction in income and who are at risk of foreclosure, due to involuntary unemployment or underemployment, due to economic conditions or a medical condition.”

Under EHLF program guidelines, eligible homeowners can qualify for an interest-free loan, which pays a portion of their monthly mortgage for up to two years, or up to \$50,000, whichever comes first. The EHLF program will pay a portion of an approved applicant's monthly mortgage including missed mortgage payments or past due charges including principal, interest, taxes, insurances, and attorney fees. The loan does not have to be repaid, as long as the homeowner continues making mortgage payments on time for five years.

She remarked that homeowners can contact GreenPath at 1-888-893-2711 to see if they are eligible for this program, or to learn more about other GreenPath housing programs and services available. Free foreclosure avoidance counseling is offered in-person as well as by phone.

Briggs-Kelly stressed that homeowners should call as soon as possible, as applications for this program will only be accepted through **July 22, 2011**.
